

## **ARDF competition at Bergler Schloßl (Bergler Castle)**

Translation from German to English language by Tom OE3TKT@oevsv.at

last change: 22.9.2019

**Latest information on the homepage** <http://www.ardf.oevsv.at>

Photos, videos and audio recordings will be made during this event. By participating, visitors declare their consent for the usage of these recordings for internal club purposes and publications in compliance with the legal provisions of the General Data Protection Regulation Directive 95/46/EC.

### **Meeting place:**

Wirtshaus zum Bergler Schloßl (Inn to the Bergler Castle)  
Family Riedl-Baumann  
Perbersdorfberg 39  
8093 St. Peter am Ottersbach  
Austria

### **GPS:**

46°48'55.6"N 15°46'23.3"E

### **Parking:**

Available

### **Time Limit:**

120 minutes, previous direction finding allowed (start area only)

### **Award Ceremony:**

As soon as possible after return of all participants

### **Map Material:**

Austria Map, 1 : 15 000, A4 size landscape, delivery at the briefing

### **Timekeeping:**

The finish corridor is mandatory to go through.

### **Terrain:**

Predominantly wooded, no road crossings required, no known dangerous situations. Course length with optimal sequence approx. 4-5 km. Differences in altitude from start to fox approx. 120 m, from fox to fox approx. 50 m and from the last fox to the finish approx. 50 m. Minimum distance of the first fox from start is 750 m, distance between the foxes is approx. 400 m, distance of the last fox from the finish is 350 m.

### **Rating:**

All participants must search for 5 foxes.

If the number of participants is sufficient, the international ARDF regulations will be applied (see at <http://www.ardf.oevsv.at>), which take into account gender and different competition conditions for age (categories, number of foxes to be searched).

If category formation is not possible, runtimes will be assessed with an age and gender dependent performance factor (LF, Leistungsfaktor) using the World Masters Association's age level tables (for 5 km road running) before the final ranking is made. Since during an ARDF competition only about 70% of the total time is real running, only this part will be evaluated with the LF, the rest will be added without evaluation. Thus the results of different gender and age groups are comparable. The proposal is based on the international ARDF regulations with regard to age groups.

### Safety:

Each participant is responsible for their own safety and participates at their own risk. A whistle should be taken with you. It is permitted to take a 2 m handheld radio (call frequency 145.550) or a mobile phone with you, but only in an emergency.

### Organizer:

OV613, Leibnitz, Franz OE6WIG

### fox hunter organizer:

Otto OE6LVG

### Questions:

oe6gc@oevsv.at, or oe6std@oevsv.at, mailto:peilen@oevsv.at

### Frequencies:

Transmitters TX1 up to TX5: 3.579 MHz, finish beacon 3.600 or 3.550 MHz

### Directions to the event:
